Christmas memory pairs · sheet 1

Print both sheets once: 32 cards make 16 pairs. For a smaller game, choose both copies of four pictures to make eight cards.

Print one-sided. Use opaque paper, or back the sheets with plain card if the pictures show through. An adult cuts out the cards.

Cut out the sixteen picture cards

Christmas tree	Present	Star	Stocking
Bell	Santa hat	Candy cane	Snowman
Snowflake	 Bauble	Cracker	Candle
Mitten	Gingerbread	Reindeer	Wreath

Shuffle the cards face down. Turn over two and show both. Keep a matching pair; otherwise return both to the same places. Pass after every turn, including a match. Finish when all pairs are found. You can also match face-up cards together.
