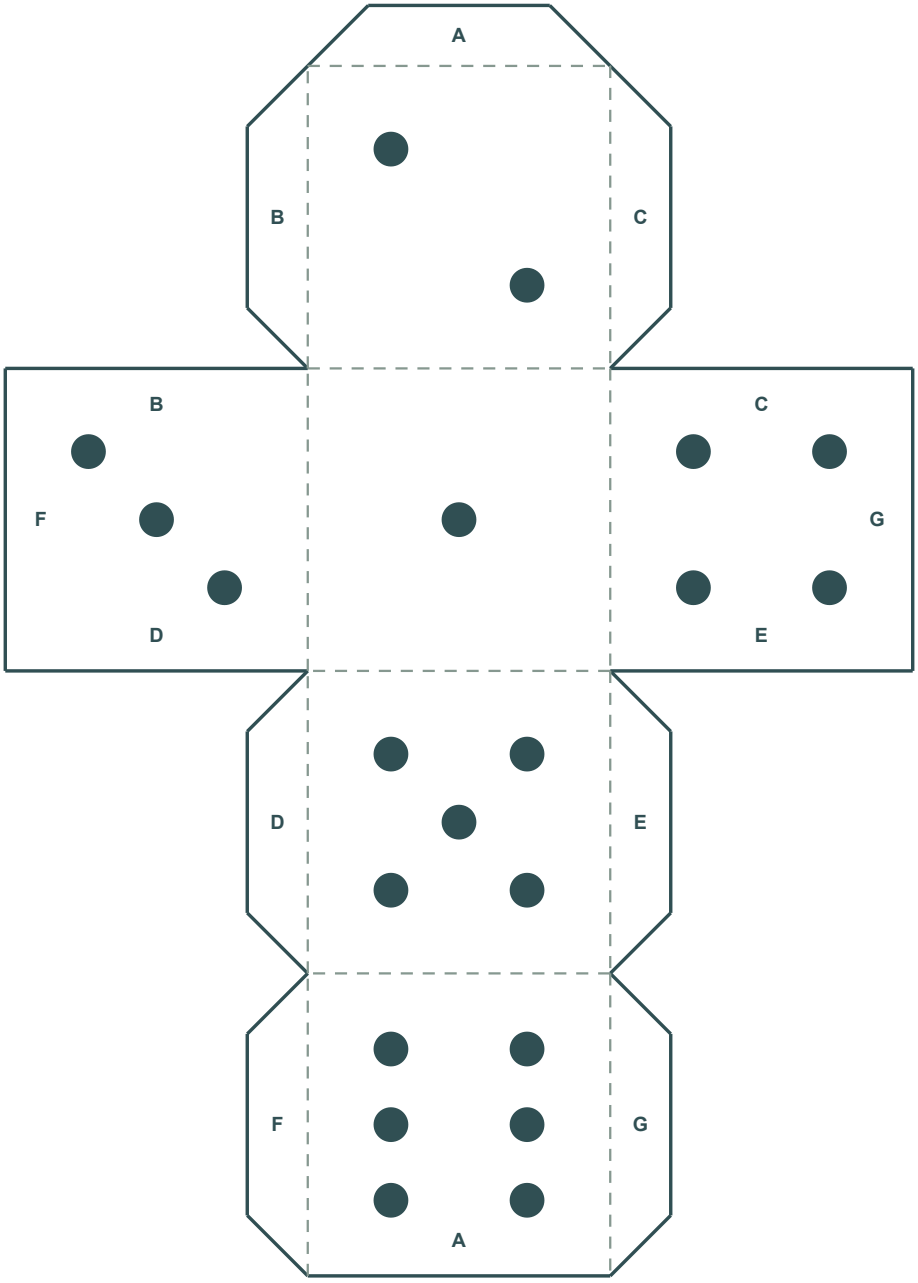
Spotted paper die

40 mm cube · print A4 portrait at 100% · cut around the solid outline

Dashed lines are folds. Keep the joining tabs attached.



Cut with adult help. Crease all dashed lines. Start with the printed side down.

Fold up the sides around the central 1-dot face.

Fold tabs inward. Join A to A, B to B and so on with glue or small tape pieces.

Close the last face and let any glue dry before use.

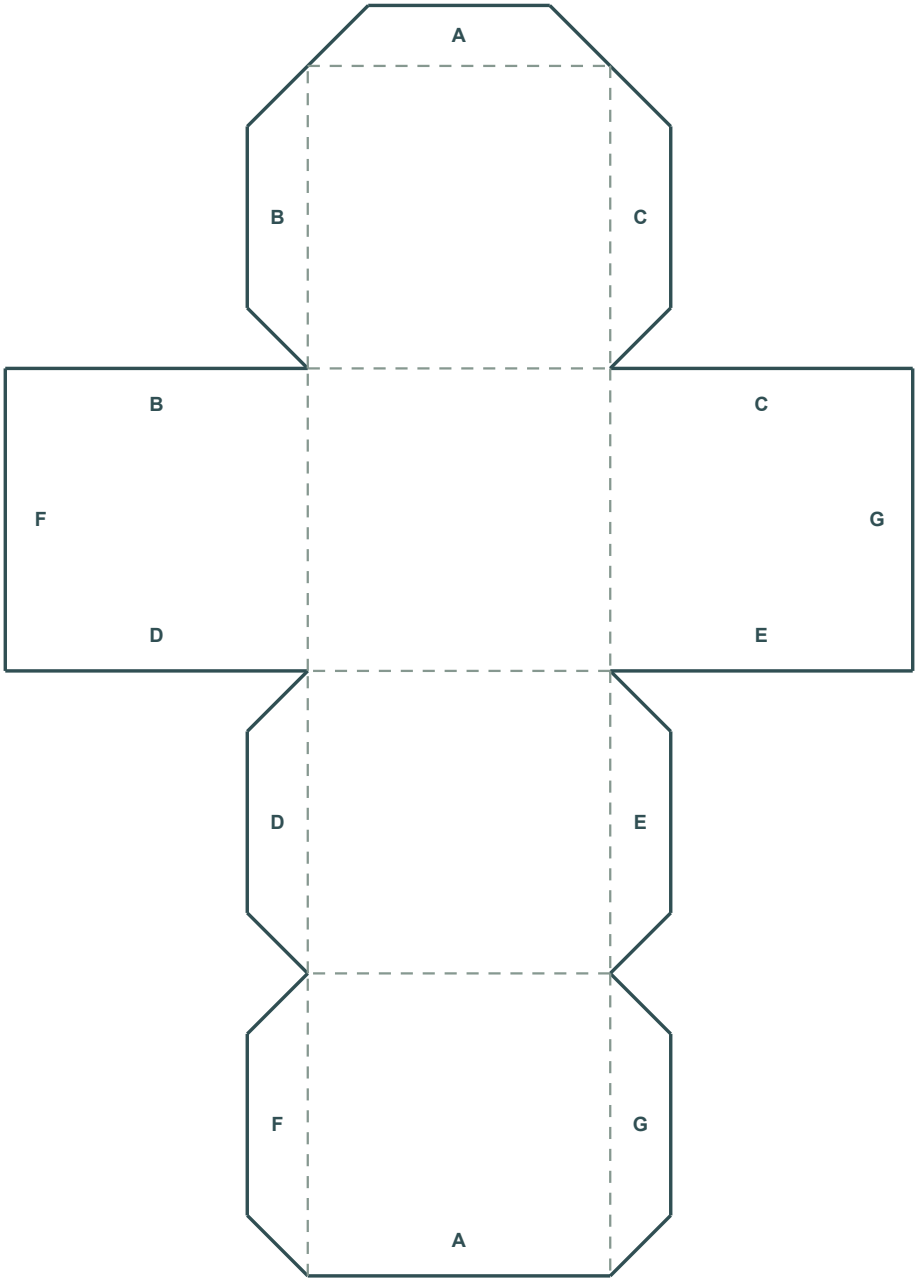
Print size check

This line should measure 50 mm.

Blank paper die

40 mm cube · print A4 portrait at 100% · cut around the solid outline

Dashed lines are folds. Keep the joining tabs attached.



Write or draw on all six faces first. Cut with adult help; crease every dashed line.

Printed side down: fold sides up around the middle square of the row of three.

Fold tabs inward. Join A to A, B to B and so on with glue or small tape pieces.

Close the last face and let any glue dry before use.

Print size check

This line should measure 50 mm.
